MEMORANDUM FOR: [REDACTED]

SUBJECT : Appreciation for Duties Performed on Behalf of the  
National Photographic Interpretation Center

1. As your tour of duty here nears an end and you prepare to return to Headquarters, I would like to express my personal appreciation and that of your numerous friends in the building for the many fine services you have performed during the last seven years.

2. I realize that your assignment has not always been an easy one, dealing as you have with the complex logistics support requirements for the building. Your cooperation and dependability in handling the demands placed upon you are a credit to you and reflect well on your parent office. Without the fine support of the Logistics Branch it certainly would not be possible for the Center to operate and your role in directing this support has been important.

3. We wish you every success in your new assignment and in the years ahead. Be assured that you have made many lasting friendships here at NPIC and that you will be long remembered.
